### Local and General News.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and the cure requires constitutional treatment. Hall's Catarrh Cure, manufactured by J. F. Cheney & Co., Toledo, Ohio, is the only constitutional remedy on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### Around About the State.

The burglar recently killed by the deputy postmaster at Hematite has been identified as John Miller, an ex-convict.

Webb Watkins, of Dexter, is a candidate for representative. We believe that Stoddard county could not do better than to select him.

Dave Long who killed C. C. Still, at Steele, a few weeks ago, was convicted of murder in the first degree at Caruthersville last week.

Warren Stanley, who shot and killed Elbert Holloway, May 15, 1904, in Dunklin county, has been sentenced to fifty years in the penitentiary for same.

Fire destroyed a large part of the town of Oran a few nights ago. It originated in a saloon and if the town had had less fire-water they would, perhaps, have had less hell-fire.

Henry Limbaugh, a deaf mute, son of Hon. J. W. Limbaugh, was struck by a train at Monett, in the western part of the state, one day last week, but not seriously injured.

The Fredericktown Tribune has been bought by E. P. Francis, of Owensville, Ky., who will conduct it as a Republican paper in the future. The Republicans are getting papers pretty well scattered through the Southeast.

Dr. A. S. Harrison and John Sweeney are under indictment at Kennett for assault with intent to kill one Dan Crites, a farmer. From the story told of the outrage a charge of mayhem would be more apt to hold than the one the indictment was returned for.

Thos. W. Dempsey suicided at Flat River on the 28th ultimo, by taking laudanum while tapering off from a spree. He was forcibly deprived of one bottle of laudanum after he had told what he proposed to do; but secured another and took it and died within a few hours.

A man named Ryan, while intoxicated, destroyed some rural mail boxes in Perry county and is now in jail at St. Louis pending Uncle Sam's court at Cape Girardeau. Uncle Sam is a good fellow, but he won't stand any foolishness and fails to see the joke in performances of this kind.

Mrs. Doss Chilton, who last winter won renown by killing a deer, recently killed a wild cat in Shannon county. The dogs had caught the varmint which had whipped one when Mrs. Chilton struck the cat on the head with a club and killed it. She is said to be an expert rifle shot.

Major Willie Wray, the Dunklin county midget, is now working for the Brown Shoe Co. He is playing the part of Buster Brown and with his dog, Tige, he furnishes much amusement for the little ones. The major is 45

years of age, thirty-six inches high and weighs 38 pounds.—Lutesville Banner.

A new town is being founded in Scott county called Chaffee. An association of wealthy men is back of the enterprise and are booming the scheme. Some of the newspapers in this section of the state are endeavoring to discredit the place in the minds of the public, just as though the building up of towns and opening up of the country are not what we need in Southeast Missouri.

G. F. Weldon, one of Pike creek's industrious farmers, brought to town Saturday a 310 pound bale of cotton, which was grown on three-fourths of an acre. He had picked this cotton and hauled it to Gatewood in Ripley county, where it was ginned. The Van Buren Mercantile Co. gave him 10 cents a pound for it. So far as we know this is the first bale of cotton grown and marketed in Carter county, and was of ordinary good quality.—[Van Buren Local.

Shelby county is the only county in the state without a representative in the penitentiary; has no boys in the reform school and no girls in the industrial school, and the county jail is empty. Has been without saloons or billiard halls for eighteen years, and the criminal costs last year was only \$203. Circuit court sits only five days in a year.—West Plains Gazette. And the Gazette might have added that the county is solidly Democratic and has been for so long that the memory of man runneth not to the contrary.

Wm. J. Cardin, a well known business man of Sikeston, was frozen to death during the recent cold snap, near Kuttawa, Kentucky. Mr. Cardin had gone there a few days before the cold snap swept over the country on a visit, and one night, it being bitterly cold, went to call on an old friend. He started back to his stopping place about midnight and evidently got lost, as his body was found the next morning in a different direction than he should have taken, in shirt sleeves, his overcoat and coat lying on the ground near the body. The verdict of the coroner's jury was that he had died from freezing.

Whatever defects it may have, the new game law is a success as a revenue producer. The state treasurer reports that as a result of the Walsley game law a fund of \$28,000 has already been poured into the state treasury. Only twenty-seven counties have been heard from for October, but the amount collected from hunters in them aggregates \$6,000. Licenses issued now expire December 31, 1905, when new ones, according to Warden Rhodes' construction of the law, must be issued at an additional fee of \$1.15. This money constitutes a game protection fund and goes to pay the game warden and his deputies. However the hunting season closes on most of the bigger game on the 31st of this month.

The insurance investigation in New York during the past week has had the Mutual Reserve Fund under fire. An official stated that he was denied admission to Missouri some months ago and was advised to employ Col. Bill Phelps, and on paying him \$3,500 the matter was adjusted. Some other damaging testimony was given whereby officials profited at the expense of the policyholders. And now comes Col. Phelps and denies that he was ever employed by the Mutual Reserve or was paid \$3,500 or any other fee, but it is said that Martin L. Clardy was the attorney who represented the company in this transaction. Altogether, the Mutual Reserve Fund does not come out of the investigation much better than the N. Y. Life, the Mutual and the Equitable.
